Classroom Notes

Dear Parent(s):

Welcome back to school. I hope everyone had an enjoyable winter break.

We have gotten off to a great start.

I hope the new math homework routine is going smoothly. All of the problems on each night's homework is review. Your child should not need much help in completing their homework. If they are needing help, then the skills were not learned. I grade the homework first thing in the morning in case there is a skill that needs reviewing. This homework should not take more than 20 minutes to complete. If it does, please let me know.

I will be posting the week's homework page on our website in case the page is forgotten at school.

Please find your child's progress report in the Eagle Folder.

As always, if there are any questions or concerns, please let me know.
